HOUSE FAVORS HIGH TAX ON BIG INCOMES

Passes 50 Per Cent Tax Over President's Recommendation of 40 Per Cent

94 G. O. P.'s DISSENT

Only Three Democratic Members Against Rate Originally Proposed by the Senate.

President Harding was rebuffed yesterday by the House, which refused to heed his suggestion for a 40 per cent. maximum surtax, and instructed conferees on the revenue bill to agree to a 50 per cent. rate as provided in the Senate bill.

The action was taken by a vote of 201 to 173, with one recorded as present. Ninety-four Republicans desserted the adminitration and the party leaders of the House and voted with the Democrats for the 50 per cent. surtax rate. Only three Democrats voted no.

President Harding, in a letter to Representative Fordney, approved the 32 per cent. maximum contained in the bill originally passed by the House, but urged that a compromise of 40 per cent. be agreed upon. Mr. Fordney, who is chairman of the House Ways and Means Committee and one of the conferees, favored the 40 per cent. compromise and announced to the House that the Republican conferees of the Senate, Senators Penrose, of Pennsylvania; McCumber, of North Dakota; and Smoot, of Utah, had expressed a willingness to accept this rate. Of the two other Republican House conferees, Representative Longworth supported the 40 per cent. proposal, and Representative Green, of Iowa, voted for the 50 per cent. maximum.

Republicans who voted with the Democrats for a 50 per cent. maximum surtax rate are:

WASHINGTON DAY BY DAY

(From Our Special Correspondent)

Washington, Nov. 18.—It is expected that when Premier Briand speaks for France on the question of land armament at the next open session of the armament conference he will plead that France asks nothing better than to cut her land forces to the bone provided her security is guaranteed.

Imperialistic and militaristic ambitions will be disowned by the French Premier who will enlarge on the needs of France and probably set the discussion on its way by announcing that France must have an active force of approximately 700,000 men, of whom about half are for service in continental Europe, the remainder being used to guard France's overseas committments in Morocco, Syria and Far Eastern Asia and elsewhere.

Admiral Baron Kato and his fellow members to the conference on the limitation of armaments and Far Eastern questions are perplexed. The plan submitted by the American secretary of State for a limitation of armaments of the principal naval powers came as a distinct shock to the representatives of the government of the Mikado and they have not as yet recovered from the effects of the recoil.

In other words, the government of Japan has "scrapped" its proposals for limitation of armaments which were approved by the Imperial government after the agenda had been submitted by this government to Japan and is now at work upon new proposals.

But it is not the intention of the representatives of Japan to make any proposals at all respecting a reduction in its naval armament until after they have sounded out the sentiment among the other delegations now participating in the conference. Japan is playing a "waiting game" and will make no move whatever until she is forced to take some action.

Harry M. Daugherty, Attorney General of the United States has just been discovered. Up to today people have been wondering about the middle name of the law officer of the government, but Mr. Daugherty has refused to spill the secret. He has been smoked out at last, however, and now that the discovery has been made it is no wonder that he kept the matter in the dark as long as possible. The M in the name stand for "Micajah."

It is possible to state on the authority of American naval experts that considerable progress in working out modifications to the Hughes naval limitation plan has already been made by the technical naval committee. While an agreement is not yet in sight the committee has already gone far enough to warrant the belief that there is good prospect of an early report to the main Committee on Limitation of Armaments.

Japan wants the Hughes plan to include a proposition for dismantling naval bases in the Pacific, and wants 70 per cent. of the total naval strength of the United States and Great Britain in capital ships, instead of 60 per cent.

Great Britain wants submarines tonnage reduced or eliminated entirely and the size of submarines restricted, wants the replacement plan modified and wants a larger allowance of light cruisers for patrol work.

Probably a dozen or more suggestions have already come from various powers that the United States enter into alliances of various sorts. It is desired by Great Britain that there shall be a tri-partite alliance with Japan; it is desired by Japan that there be an alliance to administer China. This government will enter no alliance, it is stated by high authority in the American delegation. It will consent to no arrangement that means the use of armed force to effect its perpetuity. It will have no superstate, no combination of powers to rule another power or powers. It intends only to enter agreements that can be perpetuated by international good will and amity. It will give no guarantees and asks none. It will not agree to go to the defense of any nation. It will not bind itself to war in any form.

Death of Mrs. G. O. Devers

Mrs. Rebecca Devers, 47 years old, wife of George O. Devers, died yesterday at Providence Hospital, Washington. She is survived by her husband. Her funeral will be held at 3 o'clock Sunday afternoon from Beulah Baptist Church, Franconia, Fairfax county, and services will be conducted by Rev. O. P. Lloyd, pastor of the Second Baptist Church, and burial will be at Franconia.

A progressive euchre party tonight will be given by Fitzgerald Council No. 459, Knights of Columbus, to its members and their friends. This will be the first function given by this council since they acquired their new quaters.

OBJECTION TO AMERICAN PLAN BY JAPANESE

China's Program Stirs Parley Discussion—Baron Shidehara Ill.

NAVAL CONFERENCE

Difference of Opinion Among Envoys May Arise Over Submarine Question.

Japan's objections to the American naval program are in the open. She wants additional ships. Her proportion of capital craft should be, in her opinion, more than the 60 per cent. suggested by the United States. In types of defensive vessels, not submarines, she "might" desire even to approximate that of the greater navies.

That was the big outstanding development of yesterday in the limitation of arms conference. But it was only one of several as follows:

1. Ambassador Shidehara, the Japanese plenipotentiary, and one of Japan's chief delegates, was taken ill. He will be unable to sit around the conference table for at least forty-eight hours. Meanwhile the full committee named to reach a decision behind closed doors on the Far Eastern and Pacific problems will be unable to function.

However the delay will be advantageous. Owing to congestion on the Pacific cables, it will require at least that period of time for the Japanese delegation to exchange views on China's proposals with the new government at Tokyo.

2. The steering committee of the conference reached an agreement whereby the proposals officially fathered by the Chinese delegation, will be dove-tailed into the several subjects of the official agenda and considered with them.

3. Baron Kato, spokesman for the Japanese delegation, stated that so far as the Chinese proposals were concerned the Japanese "accepted them as the subject for discussion." This was as far as he could go in his statement. He and his associates still are considering them and they are in communication with Tokyo regarding them.

4. The committee of naval experts, of which Col. Theodore Roosevelt is chairman, held extended sessions. They admitted only progress. But when a suggestion was made that there seemed unnecessary delay, one of the leading figures of the conference said: "This is the most momentous proposal ever made to representatives of friend nations. It requires careful thought and study. The committee has had the matter before it for two days. If a decision is looked for now, all I can say is that the world is most unreasonable."

5. The French delegation let it be known that it is favorably disposed to many of the suggestions made by China and that it is willing to do much to assist China to her rightful place among the nations, even to the extent of surrendering certain of her existing rights in the Celestial Empire.

6. All of the powers accept China's suggestions as an excellent basis for discussion. The American delegation considered the Chinese proposals in secret conference. While absolutely no official information was forthcoming afterward, advisors of the Americans said that many of the Chinese suggestions would be found to be along lines which entitle them to the complete sympathy of the United States.

7. Chairman Roosevelt of the special committee of experts considering the Hughes proposals reported to the American delegation on the progress that his committee is making. The discussion so far, he explained, has been friendly and there are hopes of agreement.

8. Intimation was given that no matter what decision is made by the experts regarding the elimination of the submarine as a naval weapon consideration of this phase will be forced in open session to "make the record" even though the nation so bringing it into the open may eventually agree to the conclusions of the experts.

9. Certain of the delegations now here are making quiet inquiries as to how any conclusions reached at this conference will be carried into effect by the United States. They seek enlightenment on whether the Senate would ratify a treaty that would make the agreement effective.

10. Premier Lloyd George has cabled the British delegation that his home affairs are being speeded up and that there is a strong probability that he will be able to reach here about the first of the month. This would bring him here shortly after Premier Briand starts for home and before any definite action could be taken on the Far Eastern and Pacific

DETECTIVE IS SHOT BY NEGRO HE ARRESTED

S. G. Grim, C. & O., Employee Probably Fatally Wounded

BULLET NEAR HEART

Just Been Taken in Custody for Entering Box Car—In Mix up First Prisoner Also Escapes

S. G. Grim, about 35 years old, of 611 West Carey street, Richmond, Va., a special detective for the Chesapeake and Ohio Railroad, was shot and probably fatally wounded about 1 o'clock this morning in the Southern Railway yards near Seminary station, about a mile and a half west of the corporate limits of Alexandria by an unidentified colored man whom he had under arrest.

The bullet struck Grim just below the heart and he was rushed to the Alexandria Hospital and placed under the care of Dr. M. D. Delaney. At the hospital early this afternoon it was stated that no hope was held out for his recovery. His wife arrived here this morning about 8 o'clock and is with her husband.

According to reports made of the affair Grim and Puckett W. Harvey also a special agent, were doing patrol duty in the yards last night, being on the lookout for car thieves. A short time before the shooting they discovered a car filled with freight broken open. They resealed the car and proceeded on their journey. Returning a short time afterward the car was again found unsealed and they kept watch and soon a colored man appeared. The detective were hiding in the bushes. The man whistled for his companion. The companion evidentally saw the officers and he kept out of the way, it being a bright moonlight night.

The two officers grabbed the negro and asked him where his companion was. Their prisoner volunteered to take them to the place where his companion was in hiding which was about four squares west beside a small stream.

When the detectives arrived at the spot designated by their prisoner who was in charge of Detective Harvey. They failed to find any trace of the man. The prisoner whistled for him and he came out of a clump of bushes. Detective Grim covered him with his pistol.

The man quickly grabbed Grim's pistol, according to reports, and fired one shot and this attracted Harvey, who ran to the assistance of his brother detective. In the meantime his prisoner ran away. Harvey emptied his gun at the negro who fled and who had shot his brother officer, and then returned and his prisoner in the meantime had gotten away, although he gave chase and fired several times at him.

Mr. Harvey then took his brother officer to the Alexandria Hospital.

Practically all stations on the Southern line were notified of the shooting and close watch is being kept and hopes are expressed that the men will be apprehended. Up to noon today, however, no report had been received of their capture.

Bible Thought for Today

THE FOURTH COMMANDMENT: — Remember the Sabbath day to keep it holy. Six days shalt thou labour, and do all thy work: but the seventh day is the Sabbath of the Lord thy God: in it thou shalt not do any work, thou, nor thy son, nor thy daughter, nor thy manservant, nor thy maidservant, nor thy cattle, nor thy stranger that is within thy gates: for in six days the Lord made heaven and earth, the sea, and all that in them is, and rested on the seventh day: wherefore the Lord blessed the Sabbath day, and hallowed it.—Exodus 20: 8-11.

TROUBLES HEARD

Personal Bonds To Keep Peace Taken In Police Court In Two Cases

"If I don't shoot you it is because powder won't burn," is the statement alleged to have been made by Ezell Triplett, colored, to John Goings, colored. Both men are infatuated with the same woman and that precepitated the trouble and bad feeling existing. Triplett claims the woman is his lawful wife and says he married her about four years ago in Wilmington, N. C. The court settled the case by placing both under personal peace bond and promising a jail sentence if any further trouble is caused.

A white woman charged her husband with assaulting her. The husband claimed all their martial bliss had been hampered because his wife is fond of the races. The husband claimed the wife threw several glasses at him lst night and he received a scalp wound. The husband was directed to refrain from molesting his wife and personal bonds were taken.

A white man was charged with operating an automobile while under the influence of liquor and was fined $25.

The Athletic Association deserves the help and encouragement that the purchase of a ticket will give. Tonight and tomorrow night at twenty minutes after eight the curtains roll back for the show.

POWELL-BOONE

A beautiful wedding took place at the Episcopal Church in Shepherdstown, West Virginia, yesterday morning, when Miss Willie Pierce Boone, a graduate of the Alexandria Hospital, this city, became the bride of Dr. Llewellyn Powell, of this city. The bride came into the church with her brother, Mr. Harrison Schley, who gave her away in marriage.

She was met at the altar by Dr. Powell and his best man, Dr. Samuel Moore, of this city. Her only attendant was her little niece, Mary Stockton Schley.

The bride, an attractive blonde, was gowned in a smart suit of brown velour, with an occasional touch of tan brodcloth, and a fur collar of stone martin. Her hat was a draped turban of brocaded brown cloth, trimmed with stone martin, and she carried a bridal boquet of pink snapdragons, sweet peas and sweetheart rosebuds.

Directly after the ceremony, Dr. and Mrs. Powell left in their car for Baltimore, where they will take the boat for Florida for an extended bridal trip.

Some of the out of town guests were entertained at an elaborate wedding luncheon by Mrs. Harrison Schley at her home.

Among those from this city who motored up for the wedding were Miss Irma Koontz of the Alexandria Hospital, Dr. Samuel B. Moore, Dr. H. A. Latane, and Dr. R. J. Yates.

The Turkey Dinner which was to have been given on December 1 by Section B of the Woman's Auxiliary of St. Paul's Church, has been postponed until December 8, on account of the Ladies' Night Dinner of the Kiwanis Club on the first of the month. Tickets may now be had from the members of Section B or from any of the local drug stores.

W. H. Oehlert Breaks Jail At Fairfax Today

Was Held For Murder of Henry Briscoe Which Took Place The Night of October 15th

HAD OUTSIDE AID IN ESCAPE.

After Picking Lock of Cell He Escaped Through Iron Bars of Window Which Were Badly Bent—Never Aroused Seven Prisoners—Escape Not Discovered Till 7 a. m., Today—Two Bloodhounds Take up Trail—No Clew to Fugitive's Whereabouts Found—Believed He Left In Auto at 4:45 a. m.

William H. Oehlert, held in the jail at Fairfax Court House for the fatal shooting of Henry Briscoe, which occurred the night of October 15 on the Camp Humphreys road, about three miles south of Alexandria, escaped early this morning from the jail and has not yet been apprehended.

Two bloodhounds before noon today were placed on the track and up to 2 o'clock this afternoon the authorities were without a clew to his whereabouts.

Oehlert first picked the lock of his cell on the second tier of cells in the little jail and then he came down the steps to the main corrider on the ground floor and the bars of the window were broken and bent and an opening sufficiently large for his exit made and he obtained his freedom.

The escape of the prisoner was not discovered till 7 o'clock this morning when Jailor Harvey Cross went to give breakfast to the seven prisoners confined in the jail.

An alarm was at once sent out to Alexandria, Washington and nearby counties and every effort is being bent to trace the fugitive.

At 1 o'clock this morning all the prisoners in the jail were in their cells, according to word received today from the authorities at Fairfax.

Reports from Fairfax today are to the effect that the jail was broken into by someone by twisting one of the bars of the cell and then loosening a clamp. They then got on the iron grating of the cells and with the aid of an iron bar about sixteen inches long Oehlert did the rest, the double Yale locks on the cell door had previously been picked before by Oehlert.

At 4:45 o'clock this morning J. N. Whalen, who lives near the jail saw a Ford car pass his place at a rapid rate of speed and it is believed that Oehlert was in this car with his companion who assisted in his escape.

As soon as his escape was discovered Sheriff Allison and Acting Commonwealth's Attorney Farr were notified. Sheriff Allison offered a reward of $50 for his apprehension and it is expected that Governor Davis also will offer a reward. Acting Commonwealth Attorney Farr also expects to offer a reward.

All of the prisoners at the jail, seven in number, when questioned today by the sheriff claimed they were not aroused by the escape of Oehlert and all disclaimed having any knowledge of the affair. The authorities think that some of the prisoners surely must have been aroused by his escape.

The case of Oehlert was slated to be presented to a grand jury in the circuit court for Fairfax county next Monday. Despite his escape the case will be presented and acted on. Of course, no date had been fixed for his trial. The date for the trial would probably have been determined upon after the indictment was returned.

News of his escape caused a flurry in this city when it became known which was about 9 o'clock this morning. Policemen Magner and Durrer were detailed for special duty to lookout for the prisoner and all of the other officers also were notified. Later in the day the two foregoing officers in an automobile went to Fairfax and took up the search for Oehlert. Every section of Fairfax is being combed for the fugitive, although it is believed by some of the officials of Fairfax that owing to the fact that Oehlert had such a good start his apprehension will not be so speedily effected.

The shooting of Briscoe by Oehlert took place on the Camp Humphrey's road Saturday night, October 15, and Briscoe died from the affects of his wound the following night at the Alexandria Hospital.

Early the morning of October 16 Oehlert was arrested and charged with the shooting, being found at his home in this city.

The afternoon of October 16 he was taken to the jail at Fairfax and had been prisoner in that jail since, or exactly 33 days.

The shooting of Briscoe from the evidence presented before two coroner's juries, one of this city held October 17, and one of Fairfax county, October 27, was unwarranted.

Briscoe with two companions were en route to Briscoe's home in Fairfax and their machine was stopped and there was a discussion between he and other automobilists about the blocking of the road by Briscoe's machine. Oehlert in the meantime came up in his car with a companion and Oehlert got into the argument and after leaving fired back from his automobile, one of the shots striking Briscoe.

Oehlert, the night of November 12, 1918, shot and killed Linwood Kidwell in the Southern Railway yards in this city. He had three trials and the third trial was before Judge Chichester of Fredericksburg, Va., with a jury from that city. He was on September 27, 1919, found guilty of involuntary manslaughter and sentenced to serve six months in jail, and certain time already served was allowed and he, therefore, had only about a month to serve.

His first trial ended April 1, 1919, and resulted in the jury fixing his punishment at ten years in the penitentiary.

On May 10, 1919, his second trial ended and the jury was unable to agree.

WANT $60,000 FOR BUILDING FOR Y. M. C. A.

Propose to Launch the Campaign at an Early Date

ACTION LAST NIGHT

State Secretary M. W. Lee, to Direct Campaign and Submit Plans to Directors of Local Organization

The Y. M. C. A. meeting at the Chamber of Commerce last evening was splendidly attended by a group of Alexandria's most representative citizens. The question as to whether a campaign for $50,000 should be immediatly launched was thoroughly discussed from several angles, which led up to Judge Norton's motion, which was duly seconded and passed.

"That a campaign with an objective of at least $60,000 should be entered into at the earliest possible date, and that within the next few days a second meeting be held for the purpose of arranging plans in detail for the coming campaign."

The motion was carried by a substantial majority. Mr. Pierce proposed a resolution which was duly seconded and passed, asking the State Secretary, M. W. Lee, to direct the campaign, and requesting that he submit plans for carrying on the campaign to the Board of Directors of the Y. M. C. A., within the next few days.

The meeting at the Chamber of Commerce clearly indicates that the best citizens of Alexandria demand a modern Y. M. C. A. for the city. It was brought out very clearly in the thorough discussion that the Association is at the present time putting on a splendid program, and that program can be very greatly enlarged with a modern Y. M. C. A. equipment.

DOES WAR PAY?

The figures on the cost of wars must always be approximate. But whatever their source they may be depended on to be conservative. There are a thousand-and-one costs growing out of war that are never estimated by the cold-blooded statisticians who deal only in the concrete and material. But they are appalling enough, even then!

It is estimated by reliable authority that the cost to the world of all wars between 1793 and 1910, in money terms, was 23 billions of dollars. The direct cost of the World War they figure at 186 billions. They also estimate the indirect cost of the same war at 169 billions; thus making all costs, direct and indirect, including loss of shipping, damaged property, loss in production, etc., between 1914 and 1918, amount to 355 billions of dollars.

The number killed in battle during the war, including Russia, was 19,658,000; the increased death rate in all the countries was about 30 millions; the decreased birth rate is put at 40 millions, or, a total of nearly 90 million lives that were lost to the human race; and the white race, at that.

The national debt of the United States in 1913, was $1,028,000,000; that of Great Britain, $3,488,000,000; that of France was $6,346,000,000. In 1920 the United States had a national debt of $24,974,000,000; Great Britain, of $39,314,000,000; while France owed $46,025,000,000. In a recent editorial we showed that the European nations owed the United States about eleven billion dollars, including interest due and unpaid. Deducting this sum from our present national debt, and we would have left about fourteen billions. So that our tax burdens would amount to but little over half what they do now.

But the question to consider is, does war pay?

Computing its cost in a rather sordid way, in dollars and cents, we should say it is problematical; computing its cost in the loss of lives, we should answer, extremely doubtful. But when we reflect that all this staggering loss of life is borne by the white peoples of the world, we should reply with strenuous emphasis, it does not and cannot pay!

Some of the leading publicists of the day claim that the great struggle of the future lies between the colored races, the yellow, black, and brown—and the white race. If this be true, and there is much, much argument in its support—then the white race is slowly committing suicide. It is placing civilization itself, in danger, and undoing the work of mankind for a thousand years!

Perhaps the Conference at Washington has thought of this, already. Perhaps this thought will more or less determine the complexion of its deliberations. Certainly it is food for reflection of the most serious kind. History teaches us that while the Almighty seems to be sometimes on the side of the strongest battalions, yet He is always on the side of the strongest brains. Indeed, there are other questions that should enter into the Conference besides that merely of disarmament.

The man whose complexion is pasty has impure blood. His health is not robust and the sick ylpallor on his face shows it. He acts and looks and feels exhausted most of the time. Everlybody he meets notices it.

When a pasty-faced man takes Budes Pepto-Mangan for a while, he builds up his blood. It drives out the impurities and makes new rich, red-blood. When the new healthy blood gets to work, his complexion clears up, his eyes brighten and he looks alive and robust instead of droppy and sickly. He begins to like the food that is set before him at each meal. He feels like a new man.

Gude's Pepto-Mangan makes red corpuscles by supplying iron and other need. Drug stores have it in liquid or ingredients that thin-blooded people tablet form. The full name, "Gude's Pepto-Mangan," is on each package Advertisement.

Local Teams Play

At three o'clock tomorrow afternoon on Baggett's field the two local High Schools will meet to decide which of them has the better football team. Probably more of the fans think that Alexandria High can defeat the team of George Mason than think the other way around, but according to dope given out George Mason will put before the A. H. S. boys the most formidable team of the season. Both teams are in best of physical condition and a great game is anticipated. It is thought that this game will attract a very large crowd as both schools will be represented nearly 100 per cent. and these will be ably supplemented by the enthusiastic parents and supporters of both schools. If the Alexandria boys are able to put the "quietus" on George Mason they will in the course of the week be playing in the state championship semi-finals. It is understood that the first game will be between the winner of this contest and the team of Charlottesville High School, the winner of which will play Maury. Details of the arrangements for the semi-finals and finals have not been received as yet but will be known in the course of a few days.

The lineup of the teams as they face each other tomorrow will probably be as follows:

Kidney and Bladder Troubles HAVE TO GO

Clogged up Kidney Deposits are Dissolved and the Toxins (Poisons) Completely Driven Out, Druggists Told to Guarantee it in Every Instance.

"Your very life," says Dr. Carey, "depends upon the perfect functioning and health of your kidneys so whatever you do don't neglect them."

Dr. Carey's famous prescription No. 777 known as Marshroot is not recommended for everything, but we cannot too strongly urge its use if you suffer from annoying bladder troubles, frequent passing of water night and day, with smarting or irritation, brick dust sediment or highly colored urine, bloating irritability with loss of flesh, backache, rheumatism or any other tendency to Bright's Disease, Diabetis or Gravel, for kidney disease in its worst form may be stealing upon you.

Don't wait until to-morrow to begin the use of this wonderful prescription if you have any of the above symptoms, Kidney and Bladder troubles don't wear away. They will grow upon you slowly, stealthily and with unfailing certainty.

Never mind the failures of the past if you even suspect that you are subject to Kidney Disease, don't lose a single day for—every good druggist has been authorized to return the purchase money on the first two bottles to all who state they have received no benefit.

Why The First Aid To Good Health Is Pure Blood

Waste Products in the Blood Cause Many Forms of Rheumatism, Skin Disorders, and A Lowered Vitality.

Many People Do Not Understand Nature's Warning.

When you have that feeling of fatigue; when you lack the energy you need for the day's duties and pleasure; when you are troubled with pimples, blackheads, bad boils, sores or some other skin eruption; or when you have rheumatic pains in the muscles and joints, don't wait until you collapse in a state of nervous prostration, or until in your weakened condition you contract some serious discase, but start at once to get the waste products out of your blood.

Nature has certain peculiar ways to warn us. Fortunate, indeed, is the person who knows her danger signals.

Thousands and thousands of men and women during the past 50 years have relied on S. S. S. to clear their blood of waste products. S. S. S. will improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality.

The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for *keeping* your blood in good condition.

S. S. S. may be had at any drug store. Write Chief Medical Director, Swift Specific Co., 715 S. S. S. Laboratory, Atlanta, Ga., and let him help you regain your health and strength. Give him a full description of your case. He is helping people every day (without charge). Ask him to send you his illustrated booklet, *"Facts About the Blood"*—free. S. S. S. is sold at all drug stores.

"One Arabian Night"

Action! Thrills! Drama! Love! Irresistible!

This wonder picture will transport you back through the ages to the wonder nights of Araby. Arabia, land of the all-powerful Caliphs. Land where beauty is the only "Open Sesame" to Harems of the Magnificent. Land where love means intrigue, and intrigue flaunts death with a smile.

See, hten, the wonderful night's adventure of the beautiful dancer, the bold desert dancer, who scoffs at all men's love and yet stakes her life for a lover. More daring, alluring heroine never threw careless kiss. Allah's will it is that men shall strive for her—and it is written that blood shall flow and the mighty walls of the Seraglio of the Mighty One rock to their foundations and the great bronze doors through which but one man may pass to the delights within be burst asunder ere her beauty and love find a master.

11. British officials denied that their army totals more than 700,000, saying that it composes 200,000 in Britain and 250,000 in the Colonial empires. This does not include the territorials.

12. British and Italians have formed conference cabinets within their delegations to insure that a united front shall be presented on all subjects.

13. Suggestions were made that a second conference will be needed next year. This conference could take up land armaments and the detailed methods in which the broad general plans for clearing up the Far Eastern problems, as decided on here, were to be made most effective. This would afford Europe a year to secure tranquility and would eliminate the necessity of making the Pacific and Orient decisions matters for treaty rule at present.

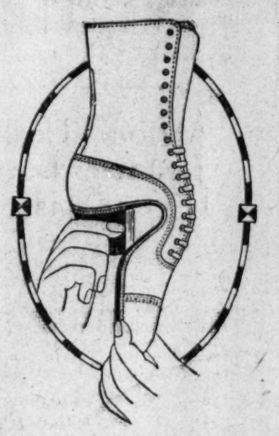
Not Only Your Poor Feet

The insidious evil of high heels and narrow pinched toes is greater than most women believe. Ill-balanced shoes do more than discomfort the feet; they cause fallen arches, backaches, nervous strain, displacement of the internal organs, weariness, depression, ill health.

Without sacrifice of good looks, the Cantilever Shoe for women gives perfect comfort and perfect carriage. The last conforms to the mould of the foot, with room for the toes, and with trim fit and support about the instep and heel. The outline of the sole and the set of the heel are designed to preserve the balance and the beauty of a NATURAL walk.



The flexible shank yields with every movement of the muscles. Instead of being bound to a rigid sole which retards the circulation and makes the foot weak, in Cantilevers the foot has liberty to exercise and bend freely and gracefully. This freedom of movement strengthens the muscles and prevents and corrects flat foot. Your health will improve in Cantilever Shoes.

Co. M Organizes Basketball Team

The Alexandria Light Infantry of this city, has organized a basket ball team which is expected to compete with best of the teams in this section, this team will be managed by Jack Tulloch. This team will open its season on November 29th when it will engage some fast team from the city of Washington. All basketball fans are expected to be on hand for this game as we have a big surprise to show you. All managers of different teams in the city are requested to come to the armory on Monday, Novmber 21, to arrange their dates for the use of the hall between the hours of 7:30 and 9 p. m.

Don't forget our first game on November 29th, as many old faces will be seen in our line up.

St. Paul's Has Active Boy Pioneers

In fairness it should be noted that the rector of St. Paul's Church was not present at the meeting of the Ministerial Association at which action was taken with reference to the Boy Scouts, nor does the statement printed yesterday reflect his opinions. St. Paul's Troop of Boy Pioneers is functioning in a healthy manner and unlike the Scouts it includes definite recognition of organized Christianity.

Yeast Vitamon Tablets Bring Real Beauty

Banishes Skin Eruptions. Puts On Firm Flesh, Strengthens The Nerves and Increases Energy.

Of what use are beautiful features if you have an ugly skin, flabby flesh, hollow cheeks or a scrawny neck? Mastin's VITAMON is positively guaranteed to give you new health, beauty and a well-rounded face and figure.

Concentrated Tablets Easy and Economical to Take. Results Quick.

If you want to quickly clear your skin and complexion, put some firm, healthy flesh on your bones, increase your nerve force and power, and look and feel 100 per cent. better, simply try taking two of Mastin's tiny yeast VITAMON Tablets with each meal and watch results. Mastin's VITAMON contains highly concentrated yeast vitamines, as well as the other two still more important vitamines (Fat Soluble A and Water Soluble C). Pimples, boils and skin eruptions seem to vanish like magic under its purifying influence, the complexion becomes fresh and beautiful, the cheeks rosy instead of pale, the lips red instead of colorless, the eyes bright instead of dull. The whole system is toned and invigorated, and those who are under-weight begin to get some firm, "stay-there" flesh. So rapid and amazing are the results that success is absolutely guaranteed. Be sure to remember the name—Mastin's VI-TA-MON—the original and genuine yeast-vitamine tablet. There is nothing else like it, so do not accept imitations or substitutes. You can get Mastin's VITAMON Tablets at all good druggists.

MASTIN'S VITAMON TABLETS — THE ORIGINAL AND GENUINE — YEAST VITAMINE TABLET

Are Positively Guaranteed to Put On Firm Flesh, Clear the Skin and Increase Energy When Taken With Every Meal or Money Back

Richmond--Pola Negri

"One Arabian Night," at the Richmond today is a vivid, swift-moving picture and is the peer of Oriental dramas on the screen. It has the atmosphere of an Arabian Nights tale and must rank as one of the exceptional photoplays of the year. It has both dramatic intensity and comic relief of an unusual order. The acting of Pola Negri may be said to be the finest and most convincing of her career before the American public, and the supporting cat is one of great ability."

No other picture ever has won so emphatic an endorsement from a body truly unbiased. It is the ultimate!

It will also be shown tomorrow.

Thanksgiving Display of Table Appliances

AT THIS season, when interest centers around the dining table and its appointments, every woman is interested in the newest and smartest electric table appliances.

Nectar coffee, served from the electric percolator, completes the Thanksgiving dinner with charming grace, and the light evening meal, cooked on the electric grill, by its very novelty arouses lagging appetites.

See this advanced holiday showing of percolators, grills, toaster stoves, waffle irons, toasters and egg cookers. The exhibit will continue throughout the week.
